AHEC Exercise

- Every AHEC member plotted their scores on a chart with two axes: “people – task” and “present – future”.
- The test characterized the survey respondents as planners, connectors, seekers, or drivers. The result could help them recognize the strengths of different members and the diversity in the team dynamics.
- Deirdre went through more details about the interpretation of the test results.

AHEC meeting time

- Stam has a 7 pm - 9 pm commitment on Wednesdays, so he's joining remotely.
- Stam will set up a when2meet to figure out a good recurring meeting time from September onwards.

Meeting agenda

- Currently in Google Sheets.
- Stam will present the ClickUp app next week. That will be used in the future.
- Next week's meeting will be on Zoom for easier presentation.
