

## AHEC Meeting Minutes

Date: Monday, Mar 2nd, 2026, 8:30pm

### Attendees:

Mary

Katie

Daniel

Luke

Stam

Yuki

Minutes: Yan

### AHEC election:

- The sign-up for AHEC is low. Mary proposed to (1) advertise more during the speech night, and (2) send out an email to all officers. Mary and Luke recalled the interviews with officers and thought of someone(s) who are energetic and can be a good fit. Stam will send an email to them and see whether they are interested.

### Brunch:

- Food was not being served, and people came with super large containers. So the food ran out super fast.
- There used to be people overlooking (though not serving) and worked well. In previous brunches late comers still get something.
- In April (some) AHEC members will go and overlook the process to ensure the food can sustain.
- Katie proposes to talk to Brunch committee and see whether someone of them can attend the AHEC meeting. Luke mentioned – though – the Brunch committee doesn't

really have a “chair” at this moment, and the budget submitted reflects the lack of organization. Probably the Brunch committee is very short of people. Mary will email and see what happened there.

- Luke also mentioned that preparing food is already a lot of work. It's unsustainable to require them to do more (while keeping serving food).
- Mary proposed, can we make Brunch more simple? e.g. catering?
- Conclusion: (short-term) next time AHEC overlook the process; (longer) ask Brunch and see how other officers can offer more help; (even longer) allocate more budget to Brunch and save some work from the officers therein.

Vending machine:

- The vending machine sometimes breaks. And it's in a location that most Ashdown residents aren't aware.
- Katie proposed to Dining to move it closer to Thirsty Ear, but for some reason it didn't succeed.
- Discussed a few possible solutions, but none of them sounds super good. Will see what we can do...

Buying more inventories:

- Z-Center has a few massage guns that are really popular (attached to the wall so that people cannot remove them).
- Mary thinks it's a good idea to buy some for Ashdown. She will look for a good one and discuss it next time.
- Also discusses the possibility of putting ping-pong or fuzzi balls there. But none of them looks like a good idea.
- Mary will take care of this and think about what to buy.
