Licensing Issue

- The person running the pubs is reluctant to obtain the license, likely due to limited capacity to manage both pubs.
- Aim to obtain the license in the next fiscal year.

Budget

- Funding was allocated for six brunches; however, only three have taken place.
- A significant budget surplus remains as a result.
- The surplus is currently being used to support World Cup events.
- Mary emailed the Brunch Committee to inquire about organizing a catered brunch.
 - In case the Brunch Committee does not have sufficient manpower, contact the Events Committee to help with the organization.
- Luke has requested budget submissions and expects to release accounting data by the end of the month.

Preparing for Orientation

- AHEC will coordinate with the Events Committee regarding orientation plans in the near future.
- Most AHEC members will not be on campus in the coming weeks.
- Communication will primarily take place via email.
